ABOUT ME

I am Fahad Warsi, a dedicated and hardworking student currently pursuing a Diploma with a strong academic background in science. With excellent performance in both high school and intermediate studies, I have developed a disciplined approach to learning and problem-solving. I hold a CLTI certification, which reflects my interest in technology and continuous skill development. I am passionate about applying my knowledge in practical fields, eager to learn from real-world experiences, and motivated to grow into a skilled professional. My strengths include adaptability, teamwork, and a positive attitude towards challenges.
